(Special to The Evening World.)
ALBANY, Feb. 7.—The Assembly Committee on Excise will tackle the Bunday closing problem and other fea-

York City this afternoon. The Platt Excise bill, which Chairman Lauterbach, of the Republican County Committee of New York brought up yesterday, was introduced to-day, and, with a dozen other meapresented, will be taken up and dis-

Eleven bills were considered by the Committee. Most of them related to Bunday opening.

Only two were accorded serious consideration. One was the bill brought up by Mr. Platt's man, Lauterbach. It was only introduced this morning. It provides that all Excise Boards will be abolished, and there will be no limit to the number of saloons.

The tax in cities of the first class, such as New York and Bunfalo, will be \$600; in towns and villages prohibition may be made a local issue at the polis at regular elections on a petition of twenty five citizens.

The second which, it is believed, will be tacked on to Mr. Platt's bill, relates to Sunday opening. It provides that the people of New York, Brooklyn, Rochester and Bunfalo shall vote mext Fall on the ilquor question under the following conditions:

The meeting-room of the Excise Committee was thronged when the Committee met at 230 o'clock. Among the 200 persons present, were nearly all the leaders for and against Sunday opening.
On behalf of the "drys" were Bishop Doane, of Albany; Joseph Abro, of the State Sunday Closing Association; Robert Graham. President of the Church Temperance Society: a committee from

Bascom, of Lansingburg, representing the Woman's C. T. U. On the side of the liquor dealers were Morris Tekulsky, the Park Row saloon keeper, who broke Judge Pat Divver's nose; Daniel Holland, President of the State Liquor Dealers' Association, thenry Hirsh, President of the Central Liquor Dealers' Association, of New York City, and Chris Boyle, of the Legislative Committee of the State Association.

The Committee room was found to be too small, and the scene of the hearing was changed to the Assembly Chamber, which was packed when the hearing be-

There were about ten opponents to Bunday opening to every one for it. Twenty ministers were present.

The first speaker was F. L. Anderson, of Rochester, who urged adverse action on the Sunday opening bills. He said the proposed legislation in favor of Sunday opening discriminated in favor of the saloons, and were political moves.

Mr. Anderson threatened the Republican party with annihilation if it did not cease favoring the saloons.

The sympathies of the crowd were demonstrated by frequent applause.

Speeches against Sunday opening were also made by F. C. Iglehart, of New York: Bishop Doane, Dr. Ecob and Dr. Hite, of Albany, and Rev. Dr. Paines and H. Clay Bassett, of Troy.

Morris Tekulsky spoke in favor of Bunday opening.

TROY'S DOLICE BOARD.

Platt Uses it to Take the Measure of the Senate.

(Special to The Evening World.)

ALBANY, Feb. 7.—Boss Platt tried his bi-partisan drama on the Senatorial dog to-day, selecting the bill providing a hydra-headed Police Board for Troy.
He took the measure of the Assembly by compelling a similar board for Greenbush, in Rensselaer County. The bill was passed after a spiritel fight.
The Troy bill precipitated a row in the Senator O'Connor supported the bill, and said that "blue-eyed" Billy Sheehan had bound a bi-partisan board good enough for his own city of Buffalo when he was running that city.

"There is a bill being drafted now here in New York that will, I believe, be fully satisfactory to all, especially to those who made suggestions at the recent Cooper Union meeting. It is a non-partisan bill, and defines clearly the powers of each member of the Police Department. It will destroy the present bi-partisan system, and take trials out of the hands of politicians and of parties not entitled to police representation. It accords the appointing power to the Mayor, and takes it out of the hands of the Governor.
